Weston Fire Chief John Pokorny reported a car fire at 10:53 a.m. today at the Weston Shopping Center.

When members of the Weston Volunteer Fire Department arrived, they found a 1998 Chrysler with an engine fire. The fire was put out quickly before it had a chance to spread, Chief Pokorny said.

The car had repair plates on it and was being driven by an employee at the center. The chief said the fire was not suspicious.
