

Note from former WVFD volunteer currently deployed.

I just received all four of your guys' packages!! Thank you so much! They were perfect, you guys seriously nailed them and everyone in my company is so appreciative and impressed with the Department. I passed out a bunch of snacks to the Soldiers while they were practicing loading, clearing, and correcting malfunctions with the M2 .50 caliber machine gun and the M240B. Then I put the rest in one of the rooms of the building we work in. Guys go in there and grab stuff throughout the day, it's so awesome. You guys rock. Thanks for supporting us and making our deployment better.

Sincerely,  
Philip Rainone
