

Application for Residency Exemption

Weston Volunteer Fire Department

Members in good standing who no longer meet either the residency or work requirements for membership in the Department may request that their active membership be continued by a waiver of the residency requirement. Waiver is not automatic and you must apply for it. Your request will be reviewed by the Executive Committee at its next monthly meeting and weighed on its merits. If your request of an exemption is granted, you will be required to continue to meet the minimums for active membership. If you move again, you will need to resubmit for a new exemption. We will verify your address from time to time.

Please fill in all the blanks.
